Customers who have benefitted from our expertise in this market segment are:

- Aker Solutions
- Amclyde
- BP Exploration
- Bull Handling
- Favelle Favco
- Gusto
- Halliburton
- Hallet
- Huismann
- Hydralift
- IHC Merwede
- Konecranes
- National Oilwell Varco
- Oil States
- Petrobras
- Petrofac
- Saipem
- SBM
- Shell
- Smeertechniek
- SMST
- Sparrows Offshore
- Statoil
- Stahl Crane Systems
- Technip
- TSC Offshore
- ZPMC

Conductix-Wampfler has just one critical mission: To provide you with energy and data transmission systems that will keep your operations up and running 24/7/365.

To see how we can help you, contact us at offshore@conductix.com

Our Experience in the Offshore and Marine Industries

Conductix-Wampfler has been active in the offshore and marine industries for many years, supplying special equipment such as electrical sliprings for rotating equipment, stainless steel energy chains, festoon systems and motorized reels for safe handling of pneumatic hoses, hydraulic hoses and cables.

Through our continuous commitment to provide the best equipment and services, Conductix-Wampfler has become a leader in meeting tough and reliable equipment to the offshore and marine industry.

Conductix-Wampfler – the global leader in high-quality power and data transmission solutions for all industrial mobile consumers – especially for harsh and demanding environments.

Who we are

Conductix-Wampfler is a world-leading international group serving all industries, including materials handling, ports, steel and aluminum production, renewable energy, oil & gas, energy and mining, automotive, vehicle production, logistics automation, leisure & entertainment and general industry.

Conductix-Wampfler is a world-leading international group serving all industries, including materials handling, ports, steel and aluminum production, renewable energy, oil & gas, energy and mining, automotive, vehicle production, logistics automation, leisure & entertainment and general industry.

Our critical mission is to provide you with energy and data transmission systems that will keep your operations up and running 24/7/365.

Our aim is to work closely with our customers in order to build long-term partnerships. All equipment is rigorously designed and manufactured to high quality and to your specifications to withstand the harsh operating conditions found in offshore applications worldwide.

Through our continuous commitment to provide the best equipment and services, Conductix-Wampfler has become a leader in meeting tough and reliable equipment to the offshore and marine industry.

Conductix-Wampfler – the global leader in high-quality power and data transmission solutions for all industrial mobile consumers – especially for harsh and demanding environments.

Global Experience - Local Service

Conductix-Wampfler Group provides support to customers with local teams of professional engineers and representatives offices which, together with a network of distributors, serve more than 30 countries across five continents. Expert teams of engineers located in Conductix-Wampfler’s “Centres of Excellence” design, manufacture and install the projects and products, together with local manufacturing sites around the world.

Typical Projects Undertaken

Most offshore and marine projects are unique to each customer, requiring a tailor-made solution. Conductix-Wampfler has the range of products, proven design skills and engineering expertise to deliver project-worthy solutions. We work closely with our customers to build long-term partnerships.

Conductix-Wampfler – the global leader in high-quality power and data transmission solutions for all industrial mobile consumers – especially for harsh and demanding environments.

Innovative power and data transmission solutions from Conductix-Wampfler enable complex machinery for pipe- and cable-handling to perform reliably and safely.
